INCONECSS Community Meeting: Trainings and Games Related to Research Data

BERD Data Literacy Snacks

A Research Data Management Online-Series for your Lunch Break

Markus Herklotz, University of Mannheim
December 2021

- Business, Economic and Related Data (BERD) Initiative
- Training in BERD
- Data Literacy Snacks
 - Format
 - Content
 - Conclusions

- Building a **competence center for data access, sharing and analysis** in business, economics and related sciences
- Provide **access to fragmented data**, develop **methods**, offer **support & training**, and build **cooperations**
- Started in 2019 as **BERD@BW** funded by the German federal state Baden-Württemberg
- Successful application in 2021 to become part of the German National Research Data Infrastructure (NFDI) as **BERD@NFDI** with a stronger focus on unstructured data

- Training in BERD aims to reduce existing barriers for people accessing & working with data
 - Offering **training for researchers as well as data service providers**
 - Tailored for **business, economics and related research data**
 - Conveying **data literacy skills** with a focus on unstructured data as well as **research data management topics**

Development of Courses:
Good Practices for Managing Data

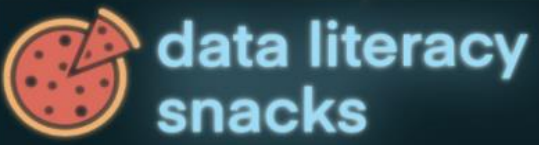

<https://www.berd-nfdi.de/servicetools/training-education/>

	Target group: professionals
	Comprehensive input of max. 60 minutes fitting in a lunch break
	Open to everyone, free and held in English
	Taking place every two weeks
	30-45 minutes presentation, rest of the time room for discussion
	Participants enter questions in the chat
	Moderator for introduction and discussing the audience's questions with the presenter

- Broad **audience** between infrastructure and research
- Less specialized but more general topics to offer an **entry point** to main concerns in research data management
- Presenters so far mainly from our project using **practical use cases** and provide **access points** for further support and more information

1-2 pm CEST  berd-bw.de/snacks  Register now: info@berd-bw.de

 12 May	<i>Juli Tkotz</i> Reproducible Data Analysis 101
 26 May	<i>Irene Schumm & Lorena Steeb</i> Research Data Management in a Nutshell
 09 June	<i>Lars Oberländer</i> Privacy Law Basics for Research Data
 23 June	<i>Renat Shigapov</i> Wikibase Knowledge Graphs for Data Management & Data Science

- **Big demand on information & training** in research data management cosmos
- Short online questionnaire and direct feedback confirm: Snack format is **very suitable for target group**
- **Practice-oriented use cases** demonstrate the do's & don'ts better and encourage the participants to transfer the content into their own work
- **Interactivity** scales with number of participants and can be raised by asking direct questions
- Also can be a platform to estimate **demand for further topics** and get feedback to the project's related services
- **Snacks return in 2022** with more sessions, everyone is invited to enter topic suggestions on our website:
